Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

To FCC: I do not feel this rate hike is going to be fare, I only use my cell phone for emergeny's to keep in touch with my kids while I am at work because I am a single mother. If I cant afford to keep my cell phone it will not only impact my life, but my kids lives to. Please reconsider this change you are about to make..... My kids will thank you ..I need my cell phone, to stay in touch with life..and my kids.!

Thank you so much,

Patricia M. Dull.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
